

Crystal Love Table Lamp - Assembly Guide

What's in the box

Lamp Base

with stem, pre-wired, globe already attached

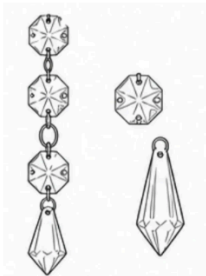

Glass Bowl Shade

Brass Screw Cap

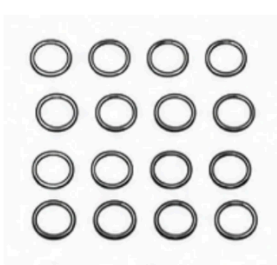

Crystal Pieces

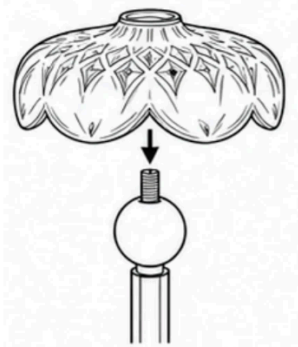

various shapes

Connecting Rings

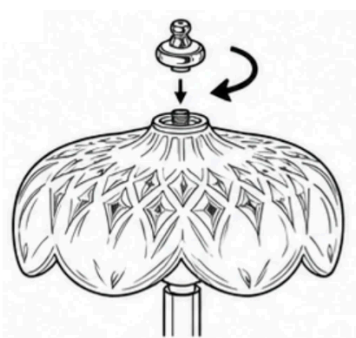

Assembly steps

1 ATTACH THE GLASS BOWL SHADE

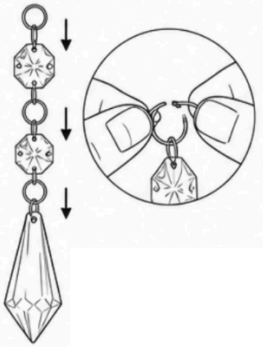

Place the glass bowl shade over the threaded section of the stem above the globe.

2 SECURE THE GLASS BOWL SHADE

Place the screw cap onto the thread and turn clockwise until secure. Hand-tighten only. No tools required.

3 BUILD A CRYSTAL STRAND

Use the connecting rings to join the crystal pieces one by one, following the same pattern.

4 HANG THE STRANDS

Hang each finished strand from the holes around the glass bowl shade. Work around the bowl one strand at a time.

DONE!
Your Crystal Love Table Lamp is ready to glow.

No tools required

No wiring required. The lamp is pre-wired.

Handle the crystals gently. They are delicate.
